THE BURG E-BIKE WEEKEND WITH BERNHARD HUBER. AUGUST 29TH TO SEPTEMBER 1ST, 2024

Long distances, challenging mountain climbs – in the past, conquering such feats on a bicycle required great ambition or professional skill. Nowadays, with an e-bike, you can effortlessly achieve more without breaking a sweat.

A great reason to explore the picturesque autumn landscape of the Arlberg region from the saddle during the Burg E-Bike Weekend.

The best part is that beginners and seasoned e-bikers alike will find their cycling bliss, as there's a suitable tour for every fitness level. Leading the way is the bike expert Bernhard Huber, who knows the region like no other and will certainly not shy away from sharing valuable insider tips.

Get ready to unwind – it's going to be an all-around fantastic weekend.

We look forward to welcoming you.

By the way, it's good to know:

If you don't have an e-bike or prefer to travel light, we offer rental bikes for a fee.

The Lucian Family and the Burg Team.
